'Learning by Loving Unconditionally'

Spring Term 2 — Friday 27th March 2026

Compassion Hope Perseverance Respect Trust
Wisdom

Dear Parents, Guardians and Carers,

As we reach the end of this short but very busy term, it is wonderful to reflect on how much the children have achieved. Despite the shorter half term, we have fitted in sports trips, educational visits and assemblies, and the children have represented the school extremely well. We are very proud of their efforts and enthusiasm. However, I must highlight a continued concern regarding attendance. Once again we have seen a disappointing dip in attendance leading up to the holidays, with several families choosing to travel abroad before the end of term. This is particularly concerning as the school has recently been issued with a Notice to Improve attendance by the Department for Education. We need the support of our whole community. Taking holidays during term time without exceptional circumstances will not be authorised and penalty notices (fines) will be issued. Quite simply, we should and must be better in supporting our children to attend school every day. **Ms Skinner, Headteacher**

Reception

Reception have had a wonderful end to the term. The children have been busy finishing their learning about space, exploring planets, astronauts and the moon. They have enjoyed stories, creative activities and lots of discussions about what it might be like to travel into space! More recently, the children have been learning about Easter. They have explored why Easter is celebrated and taken part in a range of themed activities, including crafts and stories. Well done Reception!

Safeguarding: For Parents - New YouTube Feature

One of the most common concerns from parents when it comes to YouTube is the lack of parental management features, in other words the videos their children can and should not see. But Google have now released another feature, specifically this allows a parent to set up a Supervised Experience account on the parents device. This is important because many younger children will watch YouTube videos on their parents device, where it is likely there are no restrictions in place.
